New Plans

- 1) Goals this spring:
 - a. Increase membership (more efficient meetings, fun activities)
 - b. Fundraising for children's education in Africa
 - c. Continue to volunteer in community
 - d. Website for our chapter of apm-send him a link to site
 - e. Invite him back to give lecture to gac community this spring-he is willing(sometime after mid feb, we will send possible weekends and what and how they should lecture)
- 2) Long term goals:
 - they have made various attempts to record sessions but the audio has never been converted into podcasts/downloaded off website.
 - try to get local doctors to give talks about procedures

What they've been doing:

- Fine-tuning organization
- subsidized travel to conference
- new site (AfricaPartnersMedical.org) wants to link site to our site
- Feb 15-27 in Kumasi semi urban area-researching blood pressure and diabetes screening with students called SERVE (service, education, and research, volunteer, objective)
- Starting NGO in Ghana- Africa Partners Medical in Ghana, partner group. Help plan trips.
- work with partner in IBM Kyle Henning who will help develop APM.
